Re: 2006/2007 Election Schedule

Dear Mr. Parcher,

The 2006 election year cycle promises to be a busy one for our office in preparation for the September Primary, the November General Election, and many of your municipal elections.

In order to prepare for the Primary and General Elections this year, we are requesting that you consult with us by May 1, 2006 any questions/races that you wish to place on these ballots. It is very important that we communicate and discuss the impact and cost associated with these additions to the countywide election ballot before they are considered by your governing board. You should be mindful that the ballots for these two elections tend to be long and in the past some municipalities have experienced an increased number of undervotes due to the fact that municipal questions are placed at the end of the ballot as required by Florida Statute.

We will accommodate those municipalities that have joined or amended their charter to coincide with our Countywide election calendar. Those municipalities that have their own election calendar will be considered for placement on the ballot but should contact us for approval and cost estimates by the May 1, 2006 deadline.

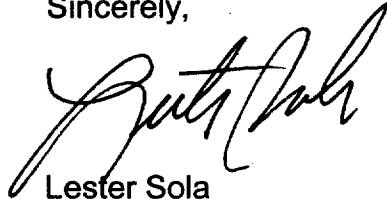

Additionally, in order for us to begin preparations for our 2007 Elections calendar, we are requesting your assistance in completing the attached Year 2007 Municipal Election Verification Form.
